

Ryan[®]EZT

Simple. Reliable. Cost Effective.

Discover the World's Leading Strip Chart Recorder

Ryan EZT is an easy-to-use, reliable and cost-effective choice for temperature monitoring. At the end of the trip the receiver breaks the tamper-proof seal, opens the instrument, and removes the chart of in-transit temperature conditions.

The legendary quality of the Ryan brand comes in a unit that ships pre-sealed and ready to start. The Ryan EZT includes individual instrument tracking, pre-shipment validation testing to NIST standards, and proven expert testimony in claim situations as standard services.

Specifications

Temperature Range -20°F to +100°F (-29°C to +38°C)

Operating Accuracy ±2.0°F (± 1.1°C) full range

Day Spans

- 5 Day (°F & °C)
- 10 Day (°F & °C)
- 20 Day (°F & °C)
- 40 Day (°F & °C)
- 75 Day (°F & °C)

Chart Resolution

- 5 Day 2.50 inches per day
- 10 Day 2.50 inches per day
- 20 Day 2.50 inches per day
- 40 Day 0.73 inches per day
- 75 Day 0.73 inches per day

Power/Shelf Life 1.5 volt AA battery
One year from date of purchase

Calibration NIST Traceable

Tamper-proof Security Seal Pre-sealed at the factory

Notice of Shipment Three-part water resistant notice attached to EZT

Enclosure ABS Plastic

Dimensions/Weight 10.5 ounces (297.7 grams)
6.50" L x 2.56" H x 3.50" W
(16.51cm x 6.50cm x 8.89cm)

Specifications subject to change without notice.

Accuracy specifications apply only to the range listed.

Sensitech is the world's leading provider of cold chain visibility solutions enabling global leaders in Food and Pharmaceuticals to track and monitor assets across the supply chain, protecting the integrity of their temperature-sensitive products. Sensitech is an ISO 9001:2000 registered company. The company is based in Beverly, Massachusetts, and has offices in Amsterdam, Calgary, Melbourne, Redmond and Santiago with service and distribution offices around the world.
